Unregistered Offering

This Sale has not been registered or qualified under the securities laws of any jurisdiction anywhere in the world. It is being offered and sold only in jurisdictions where such registration or qualification is not required to purchase an OmniCoin Token. To the best knowledge of OmniCoin, this Sale presumes a sale of OmniCoin Tokens, whereby OmniCoin becomes bound to the purchasers thereof solely to the extent of being obliged to provide the product and/or a service.

Purchasing an OmniCoin Token involves a high degree of risk, see “Risk Factors” in these Terms and especially in the Memorandum. This Sale may be governed by consumer protection laws in jurisdictions where such regulation is applicable.

Neither these Terms nor the Memorandum constitute an offer to sell, or a solicitation of an offer to buy, an OmniCoin Token in any jurisdiction in which it is unlawful to make such an offer or solicitation. Neither the U.S. Securities and Exchange Commission nor any other federal, state or foreign regulatory authority has approved the purchase of OmniCoin Tokens. Furthermore, no such authority has confirmed the accuracy or determined the adequacy of the terms of this Sale.

The summaries contained within these Additional Terms do not purport to be complete and are subject to and qualified in their entirety by reference to the actual text of the relevant document, including the Memorandum. Each prospective purchaser should review these documents for complete information. OmniCoin reserves the right to modify the terms of the Sale. OmniCoin Tokens described in these Additional Terms and the Memorandum are offered subject to OmniCoin’s ability to reject any commitment in whole or in part. Prior to purchasing OmniCoin Tokens a prospective purchaser is required to consult with its own legal, financial, tax, accounting, and other advisors regarding the applicable limitations on purchasers who are eligible to purchase it and that restrict its resale or other transfer; the income and other tax consequences of acquiring, holding and disposing of OmniCoin Tokens; and the other potential consequences of acquiring OmniCoin Token. Purchasers are required to carefully consider whether purchasing a OmniCoin Token is suitable to their business situation and goals. No person has been authorized to make any statement concerning OmniCoin or the sale of the OmniCoin Tokens discussed herein other than as set forth in the Memorandum, and any such statements, if made, must NOT be relied upon.

Purchasers are required to make their own investigations and evaluations of OmniCoin Tokens, including the merits and risks of a purchasing thereof.

Cautionary Note regarding Forward-Looking Statements

Certain statements in these Terms and in the Memorandum constitute “forward-looking information” under applicable laws. All statements that address expectations or projections about the future, including statements about product development, market position, expected expenditures and financial results, are forward-looking statements. Some of the forward-looking statements may be identified by words like “expects,” “anticipates,” “plans,” “intends,” “believes,” “projects,” “indicates,” and similar expressions. Any statements contained in these Terms and/or the Memorandum that are not statements of historical fact may be deemed to be forward-looking statements. These statements are not guarantees of future performance and involve a number of risks, uncertainties and assumptions. Accordingly, actual results or performance of OmniCoin and of the Tokens may differ significantly, positively or negatively, from forward-looking statements made herein. Unanticipated events and circumstances are likely to occur. Factors that might cause such differences include, but are not limited to, those discussed under the heading “RISKS FACTORS,” which recipients of the Memorandum should carefully consider.

Summary Risk Factors

The following SUMMARY Risk Factors provide merely a High-Level summary of some of the key risk factors associated with the Sale. This list is non-exhaustive and you are strongly encouraged to read and familiarize yourself with the Risk Factors set forth in the Memorandum.

1. OmniCoin is a “start-up” company. Financial and operating risks confronting startups are significant: OmniCoin is not immune to these. The startup market in which OmniCoin competes is highly competitive and the percentage of companies that survive and prosper is small. Startups often experience unexpected problems in the areas of product development, marketing, financing, and general management, among others, which frequently cannot be solved. In addition, startups may require substantial amounts of financing, which may not be available through institutional private placements, the public markets or otherwise.
2. Theft of Sale Proceeds. There may be attempts to steal the Sale proceeds received by OmniCoin (including the fiat currency amount converted therefrom). Such a theft or attempted theft may adversely affect the ability of OmniCoin to fund the development of the OmniCoin Marketplace Platform. While OmniCoin will adopt commercially reasonable technical solutions to keep the Sale proceeds safe, certain cyber thefts could be unpreventable.
3. OmniCoin may be forced to cease operations. It is possible that, due to any number of reasons, including, but not limited to, an unfavorable fluctuation in the value of cryptographic and fiat currencies, the inability by OmniCoin to establish the OmniCoin Marketplace Platform’s or the Tokens’ utility, the failure of commercial relationships, or intellectual property ownership challenges, OmniCoin may no longer be viable to operate, and OmniCoin may dissolve.
4. The OmniBazaar Marketplace Platform may not be widely adopted and may have limited users. It is possible that the OmniBazaar Marketplace Platform will not be used by a large number of

individuals, companies and other entities or that there will be limited public interest in the creation and development of distributed ecosystems (such as the OmniCoin Marketplace Platform) more generally or distributed applications to be used on the OmniCoin Marketplace Platform. Such a lack of use or interest could negatively impact the development of the OmniBazaar Marketplace Platform and therefore the potential utility and value of Tokens.

5. OmniCoin may not be able to build strong brand loyalty in the social media landscape. OmniCoin believes that brand name recognition is of great importance to the sustainability of OmniCoin and/or the OmniCoin Marketplace Platform. There is no assurance that OmniCoin will be able to gain acceptance in the social media, social media marketing, social media software industry. A failure by OmniCoin to develop its brand name would have a material adverse effect on the business, results of operations and value of the OmniCoin Tokens.
6. The regulatory regime governing the blockchain technologies, cryptocurrencies, tokens and token offerings such as OmniBazaar Marketplace Platform and the Tokens is uncertain, and new regulations or policies may materially adversely affect the development of the OmniBazaar Marketplace Platform and the utility of the Tokens. Regulations effecting tokens (including the OmniCoin Token) token offerings such as this, cryptocurrencies, blockchain technologies, and cryptocurrency exchanges currently are undeveloped and likely to rapidly evolve. Regulations vary significantly among international, federal, state and local jurisdictions and are subject to significant uncertainty. Various legislative and executive bodies in the United States and in other countries may in the future, adopt laws, regulations, guidance, or other actions, which may severely impact the development and growth of the OmniBazaar Marketplace Platform and the adoption and utility of the Tokens.

Investor Qualifications

Non-U.S. Purchaser Eligibility Requirements

1. Each Purchaser who is a Non-U.S. Person (as defined below) must represent in writing that he, she, or it has satisfied and is in full observance of the laws of such Purchaser's jurisdiction in connection with any invitation to purchase an OmniCoin Token, including (i) the legal requirements within such purchaser's jurisdiction for the purchase of OmniCoin Tokens, (ii) any foreign exchange restrictions applicable to such purchase, (iii) any governmental or other consents that may need to be obtained, and (iv) the income tax and other tax consequences, if any, that may be relevant to the purchase, holding, redemption, sale or transfer of OmniCoin Tokens. The Purchaser's subscription and payment for, and the Purchaser's continued beneficial ownership of, OmniCoin Tokens will not violate any applicable securities or other laws of such Purchaser's jurisdiction. The term "Non-U.S. Person" (as defined in Rule 902(k)(2) of the Securities Act) means: 1. A discretionary account or similar account (other than an estate or trust) held for the benefit or account of a Non-U.S. person by a dealer or other professional fiduciary organized, incorporated, or (if an individual) resident in the United States; 2. A estate of which any professional fiduciary acting as executor or administrator is a U.S. Person if: 1. An executor or administrator of the estate who is not a U.S. Person has sole or shared investment discretion with respect to the assets of the estate; and 2. The estate is governed by foreign law;

1. There may be other purchaser eligibility requirements. It is the responsibility of each purchaser to verify if any of those requirements apply.

The USA PATRIOT Act may apply to determine the eligibility of each purchaser. The USA PATRIOT Act is designed to detect, deter and punish terrorists in the United States and abroad. The Act imposes new anti-money laundering requirements on brokerage firms and financial institutions. Since April 24, 2002, all United States brokerage firms have been required to have comprehensive anti-money laundering programs in effect. To help you understand these efforts, OmniCoin wants to provide you with some information about money laundering and OmniCoin efforts to help implement the USA PATRIOT Act. Money laundering is the process of disguising illegally obtained money so that the funds appear to come from legitimate sources or activities. Money laundering occurs in connection with a wide variety of crimes, including illegal arms sales, drug trafficking, robbery, fraud, racketeering and terrorism. The use of the United States financial system by criminals to facilitate terrorism or other crimes could taint our financial markets. According to the United States State Department, one recent estimate puts the amount of worldwide money laundering activity at \$1 trillion a year.

You should check the Office of Foreign Assets Control (the "OFAC") website at <http://www.treas.gov/ofac> before making the following representations: You represent that the amounts spent by you in this Sale were not and are not directly or indirectly derived from any activities that contravene Federal, state or international laws and regulations, including antimoney laundering laws and regulations. Federal regulations and Executive Orders administered by the OFAC prohibit, among other things, the engagement in transactions with, and the provision of services to, certain foreign countries, territories, entities and individuals. The lists of the OFAC-prohibited countries, territories, individuals and entities can be found on the OFAC website at <http://www.treas.gov/ofac>. In addition, the programs administered by the OFAC (the "OFAC Programs") prohibit dealing with individuals or entities in certain countries, regardless of whether such individuals or entities appear on any OFAC list: 1. you represent and

warrant that none of: (1) you; (2) any person controlling or controlled by you; (3) if you are a privately-held entity, any person having a beneficial interest in you; or (4) any person for whom you are acting as agent or nominee in connection with purchasing an OmniCoin Token is a country, territory, entity or individual named on an OFAC list, or a person or entity prohibited under the OFAC Programs.
